Our Story

LumenArt is rooted in the idea of balance - between humanity and nature, the inner and outer worlds, tradition and contemporary life.

Inspired by Eastern Philosophy, nature and craftsmanship, we bring original artistic expressions into everyday objects and experiences, allowing art to become part of how we live, feel, and connect with the world.

Golden Water

Golden Water is a collection inspired by movement, light, reflection and the quiet energy found in nature.

Each original artwork is transformed into silk scarves, art bags, mugs, postcards and other objects for contemporary living.
